Dear secretary general Scholtenberg,

Due to the escalating war in Ukraine the security situation in Europe is dire. Peace in Europe is at risk. So far all I hear from NATO is war language. It is not about seeking a peaceful path to peace.

Some quotes from the NATO treaty:

1. From the introduction: "their desire to live in peace with all peoples and all governments."
2. From Article 1: "to settle by peaceful means all international disputes in which they may be involved."

I call on NATO to adhere to the NATO treaty and work from the peace-oriented intent of the treaty as outlined in the introduction and Article 1.

According to my findings it is likely that the war in Ukraine will escalate into a European / World War even this year. I would like to prevent that, forever.

Hopefully this initiative turns out to be unnecessary and peace in Europe / the world will be preserved and peace in Ukraine will be restored by peaceful means quickly.

I would like to receive a reply on how NATO will give substance to points 1. and 2. above.

Kind regards,
